

## **My Family**

**Copyright Marnie Swedberg, 1994**

1. You have given me a set of close relations,  
That I sometimes want to give right back to You.  
But You've promised that in every situation,  
You'll provide the strength I need to get me through.

Chorus:

I'm 'a countin' on You,  
You'll see me through,  
Each little time I think I'm gonna lose my cool;  
My prayer will be,  
"Lord, please change me!  
Make my heart willing, able,  
Obedient and free."

2. When my family starts to grate on my composure,  
And my patience seems it's stretched right to the wire,  
It is then You've promised me Your mighty power,  
I just praise You then I go and face the fire!  
Chorus

3. Then someday when we are not such a tight family,  
And the miles separate us from the smiles.  
When the letter-writing starts to become lax,  
What we'll cherish are those sacrificial acts!  
Chorus

An Amah-EI favorite, this little tune is a peppy reminder to keep family life in perspective.
