Verses 1 & 3

Inherit the nations
Possess the earth
Put your trust in the Lord.
With reverent awe
And worshipful fear
Put your trust in the Lord.
God says,

Chorus

I decreed it
I declared it
I will do it
I am God.
Trust in the Lord
Rejoice with singing
Worship with fear for
I am God.

2. Commotion and uproar
Empty schemes
God sits in heaven and laughs.
Confusion and chaos
Futile plans
God sits in heaven and laughs.
He says,
Chorus

HISTORY: Have you ever come through a struggle, only to find yourself amazed at how God carried you the whole time -- and then, in His perfect timing, brought you out the other end in victory?

Well, I was having one of those victory moments. I was on retreat, overwhelmed by how God finished a seemingly impossible project.

I prayed, "God, I never want to worry again about things. You have everything so perfectly under control."

As I prayed, I was prompted to read Psalm 2. I sort of knew what it said, but not exactly. As I read, the tune to this little song came into my head.

I have to just laugh: To this day I still have no idea how to play the tune on the piano. So, I just sing, rap and clap. What a hoot!
