

Thank You, God

Thank You, God, for loving me,
Holy Spirit, Counselor be,
Jesus blood has ransomed me,
O, praise the Lord,
I've been set free.

HISTORY. Prior to the penning of this song, I had always been afraid that if I didn't "hurry-up" and write down the tune or lyrics of a song, it would be gone.

Well, if it's God's song, it won't go anywhere! This song is honest proof of that. I bet it was six months before I took out a piece of paper and pen and jotted it down. All through that time, it just kept coming back to me.

The reason I didn't write it down right away was because I thought it was too short and too obviously simple to matter. Isn't that just like Satan - to convince us that the part we have to offer could not be of value - because it's just too....whatever!

But, it mattered enough to God to keep at me, so here it is!
